

Notes from our Clients

Techplex understands all the ins and outs of the process, which I just don't have time to keep up on, they keep me up to date on law changes, deadlines, and how to prepare for the upcoming year (bidding requirements, etc.). The best thing is that they do all this at a low cost - especially compared to what we get back in funding!

David Palme
Director of Technology
Portland Public Schools

Your rates are VERY reasonable and your service is VERY exceptional! Your understanding of USF combined with helping us manage vendors to play nicely with USF requirements has been especially helpful. At various times in the USF cycle you play roles including "employee", consultant, and "boss"!!

Steve Neal
Technology Director
Petoskey Schools

Starr consistently gives clear instructions where review of paperwork, signatures, filing of papers, etc. is concerned. I feel relieved that we receive the checks annually with minimal labor on my part.

Susan Riegler
Helena Twp. Public Library
Alden, Michigan

Techplex has provided e-rate support to our school district for the past ten years. We have found this service to be very valuable... I believe this service is worth every penny.

Gary Wood
Superintendent
Mio AuSable Schools

I would just like to say that you are a blessing to the school! I can't tell you enough how much we appreciate what you do for us. I know that it sometimes feels like pulling teeth to get all our reports, plans, etc..., but without you we wouldn't get it done! Thanks!

Linda Wierenga
Office Manager
Traverse City Christian Schools

I think you guys have done a wonderful job and are worth much more than the small fee you charge for all the work you do.

Kim Schmidt
Account Payables Secretary
Crawford AuSable Schools

Starr was always available to answer questions and she kept me informed of our status at every step in the filing process. Her personal attention and expertise has been invaluable to our school. I highly recommend Techplex services.

Brenda E. Doral
Former Principal
Our Lady of the Lake School
